 **SCOTLAND**  
COLLEGE *of* CHIROPRACTIC

An introduction ...

*and a Commitment*

The Scotland College of Chiropractic will be an undergraduate chiropractic college developed by the profession, for the profession. It will be a college that will be true to the traditional principles and practices of chiropractic with a clear mission to teach the science, art and philosophy of chiropractic. This philosophy will guide our curriculum, strategy and culture throughout the development and growth of the College in the years ahead.

The Scotland College of Chiropractic Trust has been set up to drive forward the development of a new chiropractic undergraduate degree programme. Initially, contributions to the Trust will support our mission to develop a leading philosophically-driven chiropractic education provider. Once started, contributions will help secure the future of the college while strengthening the programme and developing an enriched study experience for our students. It is envisaged that the Trust could also financially support students in exceptional circumstances in the future.

**There are two ways in which you can contribute to the development of our new programme.**

### Become a **Friend of the Scotland College of Chiropractic**

Friends of the Scotland College of Chiropractic is a regular giving programme that allows you to donate as little as £10 a month to support the future of chiropractic. Regular donations enable the College to plan ahead and provide the best possible chiropractic education programme for years to come.

As a Friend of SCC, we hope you'll share in our excitement about the future of the College. To keep you up to date we'll send you a free, quarterly newsletter

We also want to thank you for your support: when you join Friends of SCC you'll receive a Certificate of Giving. Please display your certificate with pride in your office or practice and maybe you'll inspire someone else to support the future of chiropractic!

*If you wish to contribute more than £125 per month, we would invite you to join the prestigious Druim Alban gathering.*

## **Druim Alban** (Spine of Scotland)

This will be a gathering of members and organisations who share the same values and vision as the Scotland College of Chiropractic and wish to support the development and growth of the College in teaching a principled chiropractic programme. Our vision is that Druim Alban will continue to be at the heart of the future development of chiropractic in the UK and Europe based on the traditional principles of our profession. Druim Alban members choose to provide regular financial support to the College.

There will be various levels of membership depending on the level of financial support given. Contributions may be made by monthly instalment or a one off yearly payment. Membership can start at any time of the year by completing a pledge form.
